

***If we can't find you...  
we can't help you!***

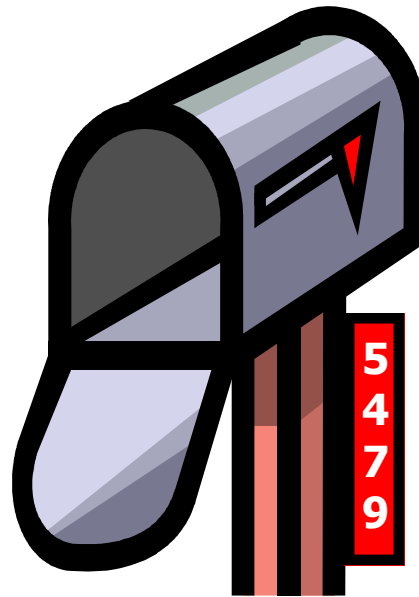

Firefighters are often delayed in providing emergency medical care or to begin the process of extinguishing a fire simply because they cannot find an address.

The Gig Harbor Firefighters' Association is willing to help you mark your home or driveway with reflective signs that can be seen both day and night. The signs attach to your mail box or your marker/post at the street. And they are cost effective...only \$12.50!

They can be used to provide direction for firefighters who are often faced with long rural driveways that may lead to one or many homes. Call to order your reflective address markers today... the life you save may be your own!
